## WILSON WANTS NO EXCESSIVE CAMPAIGN FUND

Nominee Annoyed by Story That Two Million is Desired.

WOULD USE ONLY WHAT IS ABSOLUTELY NECESSARY FOR LEGITIMATE PURPOSES. EFFORTS WILL BE MADE TO WIN VOTES OF WOMEN. ADLAI STEVENSON WILL SPEAK FOR WILSON.

By Associated Press.

Seagirt, N. J., Aug. 12.—Discussing the report today that "the democratic party wanted to raise at least \$2,000,000 to carry on the campaign, Woodrow Wilson said:

"It vexes me to hear that it has been stated that \$2,000,000 has been fixed as the figure. I haven't the slightest notion of how much is necessary, but I remember Mr. Bryan telling me the sum used in his campaign. I have forgotten the exact figures, but it certainly was under \$1,000,000.

"My desire," said the governor, "is to confine expenditures to a reasonable degree of economy and absolutely legitimate objects. I regret that it costs as much as it does to run a campaign."

Gov. Wilson intimated today that probably he would not go to the Marshall notification ceremonies on Aug. 20.

TO CAPTURE SUFFRAGETTES.

While there is no plank in the Democratic platform advocating woman suffrage yet, a plan has been formulated by the Wilson campaign managers by which they hope to make a bid for the female vote in the six woman suffrage states.

Mrs. J. Borden Harriman of New York is to have charge of the Wilson campaign among women voters in California, Washington, Wyoming, Utah, Colorado and Idaho. Joseph E. Davies, secretary of the national committee and manager of the western headquarters at Chicago, has an appointment with Gov. Wilson today at which he expected to map out Mrs. Harriman's activities.

Without going into the suffrage question, Mrs. Harriman, according to present plans, will make her appeal by speeches on the tariff, the cost of living, and legislation relating to

## EXECUTE SEVEN AT SING SING

RECORD NUMBER OF MURDERERS PAY DEATH PENALTY IN NEW YORK PRISON—FLORIDA NEGRO AMONG THOSE ELECTROCUTED.

By Associated Press.

Ossining, N. Y., Aug. 12.—Seven murderers were electrocuted in Sing Sing prison today. This is the largest number of criminals to suffer the death penalty by electricity on any one day since the electric chair was adopted as a method of capital punishment. The six Italians and one negro executed this morning went to their death quietly.

The warden's work was accomplished within an hour and sixteen minutes. The condemned were put to death in the following order:

John W. Collins, Lorenzo L. Call, Salvatore Demarco, Filippo Demarco, Angelo Grusto, Vincenzo Cons and Jos. Perona.

Cons faints as the straps were being adjusted about his body. The cap was affixed quickly and lethal current sent through his body.

All the prisoners except the exception of Collins, walked into the death chamber protesting their innocence.

Collins came in smilingly and seemingly happy. He did not deny his guilt. He put on his knees at the chair for a minute before he was executed.

Collins, who was a young Florida negro, killed Michael Lynch, a New York city policeman, on the morning of July 1, 1911. Collins had been drinking and had fired a revolver out of his room in the section of New York known as "Hell's Kitchen." Lynch heard the shots and went to investigate. When he knocked at the door, Collins opened it and fired.

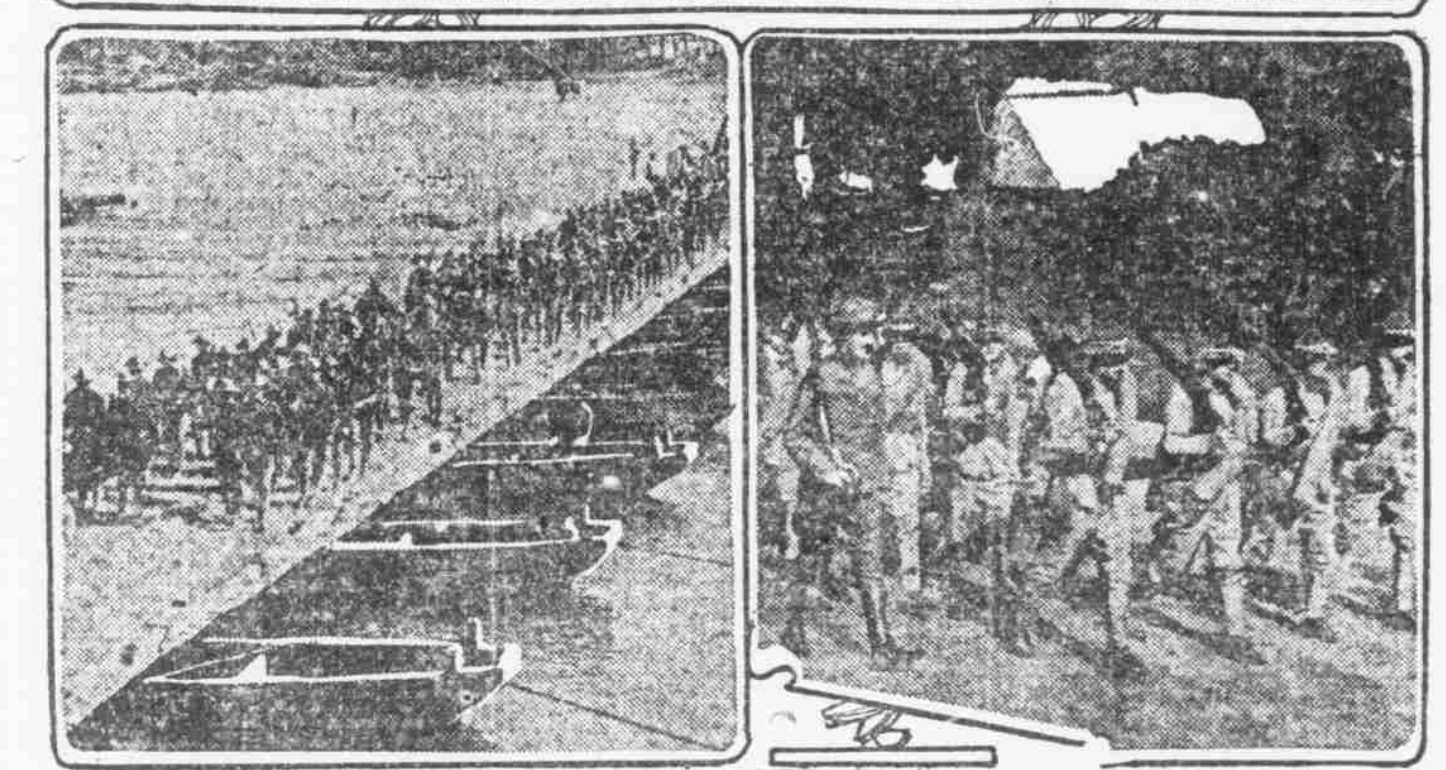

He appealed to the governor to commute his sentence to life imprisonment. It claiming he was so intoxicated at the time that he was unaware of what he was doing, and asserting that he had never known the officer. The governor refused to interfere.

MAUD HAD HER SHARE OF TROUBLE

By Associated Press.

New Orleans, Aug. 12.—Last week Maud Nash, an eleven year old girl, ran a splinter into her foot, fell upon a pin that entered her back, and then, to cap the climax of her series of accidents, was bitten by her pet terrier. She is now in the Charity hospital suffering from lock jaw. The physicians say that the splinter has caused the trouble. Her recovery is considered doubtful.

## SOLDIER LADDIES FROM FARMS AND WORKSHOPS ARE GETTING THEIR ANNUAL WORKOUT WITH PROFESSIONALS

Top picture shows a company from Kansas lined up at the Ft. Leavenworth camp for grub. Below is an example of pontoon building and a detachment off for a hike.

Ft. Leavenworth, Kas., Aug. 12.—The "rookies" are here now and coming more on every train. But they're so good at soldier things that it's no easy matter for plain civilians to pick them out from the United States regular army troops with whom they're working.

The plan of drilling the militia each season with standing army detachments at regular forts has proven a great success. The technique of the citizen soldier has been bettered marvellously and the professionals now mingle with the amateurs on terms that begin to approach comradeship.

If war comes, it won't be a hard matter under the new conditions to weld the national guard to the regular men into one staunch fighting force.

The militia is getting real drill in the most practical forms of military duty. No real war time could bring more arduous work.

One of the drills that excites great interest in the guardsmen is pontoon building. Many companies of militia are now able to throw a bridge of boats across a river with the precision of men who have been soldiers all their lives. This branch of work on

ordinary occasions is delegated to engineers. Instructions are being given all the troops in the new extended order regulations. Night marches, bivouacs and night attacks are included.

## Can New York City Be Easily Taken By Force?

New York, Aug. 12.—New Yorkers are keeping a nervous eye out toward the Narrows, watching for hostile smoke, and any minute the towers of the Singer building and the Woolworth building are expected to be clipped off with a projectile. The national guardsmen are hurrying north, into middle Connecticut, leaving the city to shift for itself, with nothing but the guns of the forts to bar the approach of the enemy.

The newspapers of the city are informing the citizens that it is necessary for the guardsmen to go north for there is a hostile army approaching the city and an army need scarcely get within forty miles of New York in order to reduce it entirely.

At least that is the condition of af-

fairs according to the plan of the most extensive and important maneuvers ever held between the United States army and the national guard. Twenty thousand men are taking part in the maneuvers, which are attracting the attention of the whole military world and which have been the subject of exciting discussion for weeks past.

The maneuvers are the largest in the history of the country. In the Massachusetts war games of 1909 there were some 12,000 men engaged, while at the regular army mobilization last year there were 15,000 or 16,000 troops, but this was counting by regiments. Counting also by regiments in the present instance, there would be about 50,000 men in the campaign.

There are a number of regiments of regulars from all branches of the service, to impart to the greener guardsmen something of the knack of war. The point of interest in these and other maneuvers is how the men from cities and farms will carry themselves in a crisis. The maneuvers are under supreme command of Gen. Tasker H. Bliss, but over 100 officers of the regular army are participating in them.

## REBELS ATTACK CITY AGAINST S. PROTEST

Begin Bombardment of the Nicaragua Capital and Wound Several.

AMERICAN MINISTER WEITZEL HAS WARNED REVOLUTIONISTS THEY WILL BE HELD RESPONSIBLE FOR DAMAGE TO PROPERTY OR LIVES OF AMERICANS. HAS AUTHORITY TO USE SOLDIERS.

By Associated Press.

Managua, Aug. 12.—Combined rebel forces under Mena, recently minister of war and Gen. Zaldívar, began the bombardment of the city at six o'clock Sunday morning. By noon the rebels got range and shrapnel burst over the city proper several women and children being wounded. The government troops successfully repelled the repeated onslaughts. The bombardment was begun in violation of armistice arrangements, and despite the protests of American Minister Weitzel, as dean diplomatic corps. The government is relying upon the United States in the effort to maintain control.

WEITZEL BACKED BY WASHINGTON AUTHORITIES.

Washington, Aug. 12.—American Minister Weitzel, at Managua, has protested to General Mena, head of the Nicaraguan rebels, against his threatened bombardment of Managua. The city is filled with non-combatants and women and children. Mena has been notified that he and his generals will be held personally responsible for injury to Americans or their property.

One hundred blue jackets from the gunboat Annapolis, now in Managua, will be supplemented late today or tomorrow by three hundred marines, on route from Panama, on the collier Justina. The American minister has full authority to use this force to protect Americans and compel the com-

## MARIANNA WILL HAVE EXHIBIT IN INTERSTATE

Manager Lillard Stirs Up Interest Among Jackson County Folks.

SEVEN HUNDRED DOLLARS ALREADY RAISED FOR COUNTY FAIR—COUNTY WILL HAVE A RECORD COTTON CROP—BUILDING FINE SYSTEM OF HARD ROADS.

Special to The Journal.

Marianna, Aug. 12.—Seven hundred of the thousand dollars with which to pay for the holding of the Jackson county fair and the sending of an exhibit to the Pensacola Interstate Fair have been subscribed and a committee of influential citizens are out after the other three hundred. The city of Marianna has appropriated two hundred dollars for the county fair, given the right to use the streets and will give free lights and water to the fair association.

Tomorrow a meeting of the directors of the fair association will be held at the court house and at the same time the county commissioners will be asked for an appropriation to help defray the expenses of the fair. Today Manager N. J. Lillard of the Pensacola Interstate Fair Association, has spent calling on the citizens and business men of Marianna and has talked with a number of farmers and business men from other parts of the county, all of whom say they are not only interested in the success of the two fairs but are willing to work for their success.

R. J. Blease, who has been engaged to manage the county fair and to prepare the county exhibit which is to be taken to Pensacola, has been in Marianna today conferring with the various committees and told Manager Lillard that Jackson county would go to Pensacola with an exhibit this year such as has never been shown in West Florida. Last year Mr. Blease was in charge of the Jackson county exhibit and was awarded first prize by the judges, and he expects to do the same thing this year.

RECORD COTTON CROP.

There is an unusually large amount of rain and bud weather between now and the time for all of the cotton to be picked, the cotton farmers of Jackson county will reap a rich harvest from the cotton fields. The acreage is more than usual and the yield at this time promises to be superior to any of recent years. Other crops are equally as promising and the year bids fair to be a successful one for the agriculturists.

The boys' corn clubs and the competition among the farmers for the buggy and wagon offered by Mr. Dillon to the farmers for record corn yields is making the farmers do their best to produce record yields. The prizes in both of these contests will be awarded at the county fair which will be held just prior to the Pensacola exposition.

WEST FLORIDA DAY.

In view of the fact that Jackson, Washington, Holmes, Walton, Santa Rosa and Escambia counties will have an exhibit at Pensacola Manager Lillard has concluded to make Tuesday of the fair week West Florida Day. He reached this conclusion after discussing the matter with the different people along the route who are in the opinion that as an advertisement the West Florida Day will have splendid values.

Manager Lillard and the ones who will have the county exhibit in charge will confer immediately with the railroad officials with a view of putting on two special trains Tuesday to carry in the crowds which will go for that day. Those who have the word of a reliable Marianna believe that no less than one thousand persons will make the trip from Jackson county if the special trains may be secured in addition to the low rates which will prevail during the entire week.

BUILDING GOOD ROADS.

Jackson county is building a system of hard roads which will be second to none in the South. It will be a revelation to many uninformed on the subject of road building that this county is doing this work at a cost of less than four hundred dollars a mile. Several months ago there was considerable dissatisfaction among the people of this county as to the management of the good roads fund, but it has been demonstrated that the large expenditures at first necessary to procure teams and equipment, all of which will be needed after the roads are completed to keep them in a state of repair. It is planned to build seven hundred miles of hard-surfaced roads in this county, a part of that amount being the West Florida Day of the national highway from New York.

CAMPAIGN CONTRIBUTIONS.

Hon. Rivers H. Buford stopped the Journal representative today and gave him a check for five dollars to send to The Journal's campaign fund which is raising for Woodrow Wilson. Both Editors Moore and Sparkman of the Times-Courier and Leader will begin a campaign this week to raise contributions to be forwarded to The Journal to be added to the fund. Four years ago this county raised more than three hundred dollars for the national Democratic campaign and Sheriff Hays Lewis says he believes that amount will be exceeded this year.

Manager Lillard will attend the fair meeting here tomorrow, but will leave in the afternoon for Laurel Hill, where he is to deliver an address on Wednesday. There will be a big farmers' rally and barbecue there and he expects to interest the people enough to have them send a community exhibit to Pensacola.

On Thursday he will talk to the farmers of Santa Rosa county at Baker where he expects to secure the pledges of a community exhibit. While it

## SAYS SHE WAS DEFENDING SELF

WIDOW OF NASHVILLE SHOOTS MAN AS HE ENTERS HALL OF HER HOME.

By Associated Press.

Knoxville, Tenn., Aug. 12.—Mrs. J. M. Nash, widow of 22, this morning shot and fatally killed William H. Nash, her husband's brother, as he entered the hall of her home. Leaving the body where it fell, she fled to her room and telephoned her father, who called the police. Officers at the county jail today said she alleged that she had shot to protect herself and her home.

Nash, who was in the navy with her same woman's brothers and who had been with her two years ago, came into her home with a gun. She shot him in the back, and he fell. She then fled to her room and telephoned her father, who called the police.

Nash was admitted to \$10,000 bond.

## SENATOR SAYS P. O. OFFICIALS RIFLED HIS MAILS

LaFollette Makes Sensational Charge in Senate Debate.

ACCUSED MEN SAY CHARGE IS RIDICULOUS; SENATE ADOPTS BOURNE-BRISTOW PLAN PARCELS POST—DEFEATS HIS GOOD ROADS PROPOSITION.

By Associated Press.

Washington, D. C., Aug. 12.—After five hours work on the postoffice appropriation bill the senate today agreed to vote on the measure at four o'clock tomorrow afternoon. The discussion was enlivened when Senator LaFollette, speaking on house provisions permitting employees to organize, deliberately charged officials of the postoffice department with rifling his mail in an attempt to delay the investigation he is making into the "absurd," "ridiculous" were terms applied to the charges by officials of the postoffice department.

The senator declared that men have been removed from the railway mail service because they "joined an organization designed to improve labor conditions in the service."

During the day the senate adopted the Bourne-Bristow parcels post plan as a substitute for the house parcels post provision in the postoffice appropriation bill.

The Bourne-Bristow plan would divide the country into eight zones. Within a 50 mile radius the rate would be fixed at 5 cents for the first pound and 3 cents for each additional pound of fourth class matter. A graduated rate to cover the other zones would increase to 12 cents a pound in the eighth zone, covering points more than 1800 miles apart.

The house provision outlined a

## PASSENGERS IN MEXICO KILLED BY ZAPETISTAS

REBELS ATTACK TRAIN, KILLING AND MUTILATING OCCUPANTS—COURAGEOUSLY DEFENDED BY SMALL GUARD—UNITED STATES SOLDIER IS SHOT BY REBELS NEAR EL PASO.

By Associated Press.

Mexico City, Aug. 12.—Thirty-five soldiers and twenty passengers were killed in an assault by Zapatistas upon a passenger train near Cuatutla, Mexico, yesterday. The train was ambushed in a canyon.

The first story of the attack on the train was sent by the conductor who, though wounded, escaped through the rebel lines. The victims are said to have been mutilated in a most savage manner. For the most part the passengers belonged to the farming element and the lower classes. The guard of soldiers under Lieut. Rey-

## TWO FIVE DOLLAR DONATIONS SWELL CAMPAIGN FUND TO \$205.50

The Wilson and Marshall campaign fund is above two hundred dollars today as the result of two contributions of \$5 each. Saturday the total was \$195.50 and today it stands \$205.50. Democrats, not only of Pensacola, but at all other points are asked to contribute to this fund, which will be needed during the campaign to be made by the Democrats in the interest of the ticket. Contributions of \$1 are most acceptable. One donation of \$5 yesterday was from H. H. Buford of Marianna and another for the same amount is credited to "Cash." The fund now stands:

Previously acknowledged	\$195.50
Cash	5.00
H. H. Buford, Marianna	5.00
